

The Tradewinds cantilever parasol brings aesthetic appeal in a functional design. The side-post, cantilever frame provides shelter and shade from the sun, over your outdoor area, without the intrusion of a centre pole.

This parasol is available in a wide range of colours, ensuring your decor can be complemented with style. The Tradewinds Cantilever is suitable for both commercial and residential spaces, such as hotel terraces, al-fresco dining areas and residential gardens.

Using strong, high quality materials and workmanship, the Tradewinds Cantilever is the perfect choice to provide a long-lasting, shade solution.

- CONVENIENT SIDE-POST DESIGN
- UPF50+ PROTECTION
- STRONG ALUMINIUM FRAME
- EASY TO SET UP & TAKE DOWN

SIZES

3.0	Square							100

FRAMES

Tradewinds Cantilever parasol frames feature aluminium poles and struts, with an easy-to-use cantilever mechanism to open and close the canopy.

The frames are assembled with stainless steel brackets and bolts to allow for the easy installation of new component parts, should there be any breakages or damage at any stage throughout the parasol's lifespan.

OPTIONS

- Heavy-duty cover bag
- Free-standing base
- In-ground base
- Custom base
- Printing / Corporate branding
- Heating / Lighting
- Valance
- Side sheets

- Replacement canopies

CANOPIES

Long lasting, durable canopies are woven from Teflon coated solution dyed polyester featuring a three year anti-fade warranty. All pockets are reinforced with heavy duty PVC. A large air vent is designed to provide additional stability in windy conditions. Canopies are easily removable and 100% washable.

NOTE: Colours shown here offer an approximation of their actual real-life counterparts, as screen and print settings on different computers cannot accurately reproduce some colour values.
